FINANCIAL AID PROGRAMS

FEDERAL AND STATE PROGRAMS - Funding for these programs is provided by the federal and state governments.

FEDERAL PELL GRANT — Federal Pell Grants are awards to help undergraduates pay for their education after high school. For many students, these grants provide a foundation of financial aid, to which aid from other federal and non-federal sources may be added. An undergraduate student who does not have a first Bachelor's Degree and who is enrolled in an eligible program may apply for a Pell Grant.

To determine a student's eligibility for the grant, the Department of Education uses a standard formula, revised and approved every year by Congress, to evaluate the information reported on the application for a Pell Grant. The formula calculates an Expected Family Contribution (EFC). The Student Aid Report contains this number and will tell whether a student is eligible for a Pell Grant. Awards for the academic year will depend on program funding. How much a student actually gets will depend on the Expected Family Contribution, the cost of education at

East Central, whether a student is a full-time or part-time student, and how long a student will be enrolled in the academic year. One to four weeks after submitting the Free Application for Federal Student Aid, a student will be sent the Student Aid Report (SAR) by the Central Processing System. Once the Student Aid Report is received from the student or electronically, the Financial Aid Office will then be able to determine a student's eligibility and the amount of the Pell Grant. A Pell Grant is classified as gift aid; therefore, it does not have to be repaid.

STATE OF MISSISSIPPI TUITION GRANTS — The State of Mississippi established the following grant programs in 1995 for eligible Mississippi residents: The Mississippi Resident Tuition Assistance Grant (MTAG) and the Mississippi Eminent Scholars Grant (MESG). Online applications which must be completed and submitted by September 15, or the deadline established each year by the Institutions of Higher Learning, are required to apply for these grants. The HELP Grant program was added in 1999 for students based on financial need and other requirements. The HELP online application must be completed and submitted by March 31.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG) — The Supplemental Educational Opportunity Grant provides grant funds for undergraduate students who have not completed their first undergraduate degree and who are financially in need of this grant to enable them to pursue their education. SEOG funds must be awarded first to students with exceptional financial need and priority must be given to Pell Grant recipients. At East Central these grants generally are awarded in amounts ranging from \$200 - \$600. Like other grants, the SEOG does not have to be repaid.

WORK-STUDY — East Central Community College participates in two types of work-study — Federal Work-Study and Institutional Work-Study. Students who need a job to help pay for their education may be eligible for part-time employment under the federally supported work-study program. Funds for the federal program are limited and students must demonstrate a financial need. East Central offers limited part-time employment for students who do not demonstrate a financial need. The normal work load at East Central is five to ten hours per week. Students participating in the Work-Study program are paid the current minimum wage and are paid on a monthly basis.

RESIDENT ASSISTANT (RA) – Resident Assistants (RA) are live-in, part-time student staff. RAs are responsible for the administration and implementation of the student development program in a residential community. Under the supervision of a Dormitory Supervisor and/or Director of Housing & Student Activities, RAs perform various functions. Although the general functions of all RAs are the same, the manner in which functions is implemented may vary according to the specific residence hall assignment. Compensation for the performance of duties by an RA is the cost of a room located in the residence hall he/she assists.

WILLIAM D. FORD DIRECT FEDERAL LOAN — A Direct Loan is a low-interest loan made to the student by the U.S. Department of Education to help with educational expenses. The interest rate for subsidized Direct loans for undergraduate borrowers is a fixed rate for loans disbursed from July 1, 2013 and after will be based on the 10-year Treasury bill plus a percentage add-on of 2.05% with a cap of 8.25%. The maximum amount an undergraduate student may borrow under this program is \$3,500 for the first year in the program of study and \$4,500 for the second year in the program of study. A dependent undergraduate can borrow up to an additional \$2,000 unsubsidized Direct Loan per year. An independent undergraduate can borrow up to an additional \$6,000 unsubsidized Direct Loan. Direct Loans are available to students who maintain at least half-time enrollment (six hours). For eligible students the application process consists of several steps and requires the student to sign a promissory note. An entrance counseling session is required for all borrowers prior to the first loan disbursement. A student must begin repaying the loan six months after graduating, leaving school, or dropping below at least half-time enrollment. Two types of Federal Direct Loans are available: Subsidized Federal Direct Loans and Unsubsidized Federal Direct Loans. The combination of Subsidized and Unsubsidized Federal Direct Loans for a borrower may not exceed the annual loan limits for the Federal Direct Loan program. A borrower's subsidized loan is determined by calculating the difference between the borrower's financial need and the amount of estimated financial assistance (such as scholarships, grants, work, other loans). A borrower's unsubsidized loan amount is determined by calculating the difference between the borrower's cost of attendance for the period of enrollment for which the loan is intended and the amount of estimated financial assistance. A borrower must pay certain loan fees which are deducted proportionately from each loan disbursement.

DIRECT PLUS LOAN — The Direct PLUS Loan Program is not based on need. PLUS loans are for the parents of dependent students. These loans provide additional funds for educational expenses. The interest rate for these loans disbursed after July 1, 2013 will be based on the 10-year Treasury bill plus a percentage add-on of 4.6% with a cap of 10.5%. Direct PLUS Loans are made by the U.S. Department of Education. Direct PLUS enables parents to borrow up to the difference between the student's cost of attendance and the amount of estimated financial assistance. A borrower must pay certain loan fees which are deducted proportionately from each loan disbursement. For the Direct PLUS loan, loan fees are generally 4% of the loan amount. A separate application is required to apply for the Direct PLUS loan. Generally, repayment of the Direct PLUS loan begins within 60 days of the disbursement of the loan.

SECTION II: FINANCIAL AID POLICIES

EAST CENTRAL COMMUNITY COLLEGE SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

Effective Date - Fall 2014

According to federal regulations, students must meet Satisfactory Academic Progress (SAP) standards in order to be eligible for federal Title IV financial aid. Federal Title IV financial aid consists of the following programs:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work-Study (FWS)
- William D. Ford Federal Direct Loans (Subsidized and Unsubsidized)
- Parent Loan Program (PLUS)

To meet SAP at East Central Community College, students receiving federal Title IV financial aid must maintain satisfactory progress in grade point average, percentage of hours passed and length of attendance in completing a certificate or degree in the academic, technical or career/vocational programs of study.

Pace and GPA

SAP will be measured according to the following criteria:

Cumulative Credit Hours Attempted *	Cumulative Grade Point Average (GPA)**	Percentage of Credit Hours Passed*
1 – 30	1.5	66.7%
31– 59	1.75	66.7%
60 and above	2.0	66.7%

*All attempted classes will count in hours attempted (for example - including classes from which the student withdrew – Grade “W”).

**Students with a repeated course will have the highest grade (other than W) count in the GPA calculation.

SAP will be measured according to the following criteria for clock hours per payment period:

GPA	Percentage of Clock Hours Passed
2.0	66.7%

Time Frame (Length)

As required by federal regulations, a student must complete the program of study (major) within a time frame not to exceed 150% of the length of the program. All courses including, but not limited to, withdrawals, repeats and accepted transfer hours from another college will be counted in the time frame. Students who reach the 150% limit will no longer be eligible to receive federal financial aid.

Other Required Considerations

All coursework for students will be included in the SAP review including any semesters that students did not receive financial aid.

Incompletes: A grade of “I” incomplete will count as an “F” in the hours attempted, hours passed and GPA calculations. Once the incomplete is removed, the actual earned grade will be used.

Repeats: All repeated classes will count in hours attempted and hours passed calculations. The highest grade for a repeated class (other than “W”) will count in the GPA calculation.

Transfers: All transfer credits accepted from other colleges will count in hours attempted, hours passed and GPA calculations.

Withdrawals: Students may withdraw from a class and receive no credit with a grade of “W.” Classes from which students withdraw will count in the hours attempted and hours passed calculations. Classes from which students withdraw will not be included in the GPA calculation.

Developmental courses: These courses will be treated in the same manner as regular courses since students receive institutional credit and grades for these courses.

SAP Examples

1. A first-year student attempts 15 hours in the fall semester and 15 hours in the spring semester. At the end of the fall semester the student must have passed 11 hours (15 hours attempted X 66.7%) with at least a 1.5 cumulative GPA and at the end of the spring semester the student must have passed 21 hours (30 hours attempted X 66.7%) with at least a 1.5 cumulative GPA.
2. A returning student attempted 31 hours in prior semesters and now has completed 12 hours in the fall semester and 15 hours in the spring semester. At the end of the fall semester the student must have passed 29 hours (43 hours attempted X 66.7%) with at least a 1.75 cumulative GPA and at the end of the spring semester, the student must have passed a total of 39 hours (58 hours attempted X 66.7%) with at least a 1.75 cumulative GPA.
3. A student must complete the program of study (major) in the 150%-time frame. 60-hour program (60 hours X 150% = 90 hours)
50-hour program (50 hours X 150% = 75 hours)
4. A clock hour student has enrolled for a payment period containing 500 clock hours. At the end of the payment period, the student must have completed 334 clock hours (500 x 66.7%) with at least a 2.0 GPA.

Review of Standards

Federal regulations require that SAP standard must be checked each award year to determine if students are progressing toward completing a degree or certificate.

Consequences of Not Meeting Standards/Regaining Eligibility

Students who do not meet the SAP standards at the end of the semester will be placed on financial aid warning for the next semester. During the warning semester, a student will continue to be eligible for financial aid. Upon completion of the warning semester, a student who does not meet the SAP standards will be suspended and will not be eligible to receive federal financial aid.

Students who are on SAP suspension will be ineligible to receive financial aid and will remain ineligible until the standards are achieved. Students who reach the 150% limit will no longer be eligible to receive federal financial aid.

Students on financial aid suspension may attend ECCC as long as they are not also on academic suspension. Students who have been suspended from receiving financial aid as a result of the failure to meet the SAP standards have the right to appeal. Students may regain eligibility for financial aid by meeting the standards in a subsequent semester or through a successful appeal.

Appeal Procedures

Students who have been suspended from receiving Title IV financial aid may appeal based on mitigating circumstances including but not limited to illness, injury, death of an immediate family member, undue hardships or other such circumstances beyond the student's control. To request an appeal, students must complete the Financial Aid SAP Appeal Form, which is available in the ECCC Financial Aid Office or online at www.eccc.edu/financialaid. The form must be submitted to the Financial Aid Office including explanation in detail 1) the reason that the student has not been able to meet the SAP standards and 2) what in the student's situation has changed. Students are encouraged to provide documentation such as a letter from a doctor, an accident report, etc. to support the request. Students who are approved through an appeal will be allowed to receive Title IV financial aid if otherwise eligible by 1) being placed on probation for one semester only in certain limited situations or 2) being placed on an individualized academic plan with requirements that the student must meet in order to continue to be eligible. Students who are not approved through an appeal will not be eligible to receive Title IV financial aid.

The appeal requests will be reviewed by the Financial Aid Appeal Committee. Students will be notified in writing of the Committee's decision.

INSTITUTIONAL PROGRAMS -- The following information is related to Scholarships and Institutional Work-Study.

1. A student receiving institutional financial aid in the form of an Athletic Scholarship, Band Scholarship, Cheerleader Scholarship, or Institutional Work-Study must during a semester earn a term GPA of at least 1.5. If a student does not meet this standard at the end of a semester, the student will be placed on probation for a semester. During the probationary semester, a student who does not meet the standard will be ineligible to receive the institutional financial aid. This policy coincides with the academic probation and suspension policy of the College; therefore, when suspended students become eligible to return to college they shall also be eligible to receive institutional financial assistance.
2. To retain the following scholarships: Achievement Recognition; ACT; Career & Technical Education (CTE) Skills; CTE Leadership; CTE Non-Traditional Gender; Non-Traditional Student Tuition Scholarship for Full-Time Students; Salutatorian; Star Student; and/or Valedictorian; a student must maintain a 3.0 or higher grade point average (GPA) each semester. Any student who does not maintain the

- required 3.0 GPA and is removed from the scholarship, may have the scholarship reinstated by earning the required 3.0 GPA the following semester provided the scholarship is for four (4) consecutive semesters. *See Financial Aid Programs for further eligibility requirements.*
3. East Central Community College is committed to providing financial resources and assistance to students based on excellence in scholarship, performance, and/or service. As such, the College provides Institutional Scholarships to eligible full-time students. Institutional Scholarships are comprised of five (5) major categories of awards: (A) Scholastic-Based Scholarships; (B) Performance and/or Service-Based Scholarships; (C) Athletic Scholarships; (D) the Employee Tuition Waiver Scholarship; and (E) Non-Traditional Student Scholarships. Three Institutional Scholarships – Employee Tuition Waiver Scholarship; Age 65 Plus Tuition Scholarship; and First Course Free Scholarship – may allow a student to enroll as a part-time student and receive the scholarship. Effective Fall 2018, the College will set a cap of \$3,500 per semester for Institutional Scholarships received from these 5 categories for in-state students and a cap of \$4,550 per semester for Institutional Scholarships received from these 5 categories for out-of-state students. Institutional scholarship funds, with the exception of athletic scholarships, may be used for book costs if funds remain after all other charges on a student's account are covered. These scholarships are available in the fall and/or spring semesters unless noted in the scholarship description.

At the end of the semester, instructors will electronically submit a final grade through the College's secure portal. The final grade will be recorded on the student's permanent record. Grade reports will be available to the student at the College's secure portal.

Quality points are based on the grade and number of hours credit for each course and are computed as follows:

A student may repeat any course taken at East Central Community College or transferred credit that is recorded on his/her transcript. The highest grade earned in any repeated course will be the grade used for determining credit and the GPA applicable to graduation. The previous East Central course grade on the student's transcript will remain on the transcript but will not count for or against the student in ascertaining graduation requirements or GPA.

Students repeating transfer courses recorded on the ECCC transcript will be awarded credit for the highest grade, ECCC course or transfer course.

Courses within specialized programs may adhere to a different grading system.

ABSENTEE POLICY

When a student enrolls in a course, the student assumes the responsibility for attending all class meetings, completing all assignments, and otherwise satisfying the requirements of that course. Realizing that from time to time there may be just cause for absence, the College has established the policy outlined below. The student should discuss with the instructor the impending absence before it occurs if possible or immediately after his/her return to class if the absence was an emergency. The student is responsible for all work missed regardless of the reason for being absent. Instructors will record and report attendance promptly for each class meeting up to and including the last regularly scheduled class meeting of each semester.

1. Students should review their schedules before the semester begins to make sure they are enrolled in the appropriate classes. Once classes begin, it is important students attend every class meeting. Students should be aware that there are challenges involved in adding a class after classes have begun. Students will be counted absent for class meetings missed during the drop/add period. Students are responsible for any work missed in the class prior to their enrollment and cannot expect due dates to be altered. If one or more class meetings have been missed, students are advised to speak to the instructor prior to adding the class to determine if adding is appropriate. Students who add a class at the end of the drop/add period may have little to no opportunity to drop the class.
2. Official absences are those incurred when students miss class while officially representing the College. The College sponsor of the group reports the list of students officially representing the College in myEC using the Official Absence Form. Official absences will not count in the total number of absences allowed.
3. Unofficial absences occur when students who are not representing the College miss class. The instructor will notify students of the absentee policy in writing at the beginning of the semester. Tardies, which equal the number of times the class meets per week, will constitute an unofficial absence. (Exception: For classes that meet once per week, three tardies will constitute an unofficial absence.) If a student exceeds these numbers of absences, he/she will be cut out of class and will be administratively withdrawn. If a student is administratively withdrawn before the Friday of the week that equates to 75% of the term, the student will receive a final grade of "W" for the course. If a student is administratively withdrawn after the Friday of the week that equates to 75% of the term, the student will receive a grade of "WF" for the

course. Exceptions to this policy include classes that meet less than a full semester; Mississippi Virtual Community College classes; healthcare education classes; and some of the Career & Technical Education classes.

4. The student who misses announced tests or class assignments due to unofficial absences must have approval of the instructor to take make-up tests or to complete assignments. To be considered for approval, the student must be prepared to present a valid reason for having been absent.
5. The student has the right to appeal if he or she feels that there were extenuating circumstances for exceeding the allowable number of absences or for being cut out of class. The student should meet with the instructor at the next class meeting after missing over the limit allowed. The instructor will explain the appeal process. The instructor will counsel with the student and discuss the reasons and excuses. If the student is readmitted, he/she will sign a form stating that they will not be tardy or absent from the class for the remainder of the semester and if they are, they will be dropped and will not have the opportunity to appeal again. If the student is denied reentry by the instructor, the student will have the opportunity to appeal to the Academic Division Chair, Director of Career & Technical Education, Dean of Healthcare Education, or Dean of eLearning depending upon the course in which the student is enrolled. Should the matter not be resolved to the student's satisfaction through the appeal to the appropriate administrator, the student has the right to appeal to the Vice President for Instruction within 24 hours. Such appeals must be made in writing with all reasons for the appeal given. The last step in the appeals process will be the meeting with the Vice President for Instruction. The student must continue to attend the class through the entire process.
6. If the student has extenuating circumstances that prevent him/her from returning to class, he/she MUST contact either the instructor or appropriate Instructional Officer (Academic Division Chair, Director of Career & Technical Education, Dean of Healthcare Education, or Dean of eLearning Education) within two (2) calendar days after exceeding the number of absences allowed.

ACADEMIC/CAREER/TECHNICAL PROBATION AND SUSPENSION

Probation and suspension procedures for academic, career and technical students are designed to make the student aware that the quality of his/her scholastic achievement is below the standards required for satisfactory progression toward graduation. If any full-time/part-time student, who is in Good Standing at the beginning of a Fall or Spring term, earns a term GPA of less than 1.50, he/she will be placed on Probation at the end of that term. If any full-time/part-time student, who is on Probation at the beginning of a Fall or Spring term, earns a term GPA of less than 1.50, he/she will be placed on Suspension at the end of that term. While on Suspension, the student is prohibited from enrolling in any classes for one regular semester term (summer is not a regular semester term). If the Suspension occurs at the conclusion of the Spring term, the Suspension may be removed by attending during the Summer term at East Central Community College and earning a term GPA of not less than a 1.50. Any student re-admitted following Suspension will be accepted on Probation. To be removed from Probation, the student must meet the stated minimum listed above. Although a term GPA of less than 1.50 is used as the basis for probation and suspension, a higher cumulative program GPA is required for graduation.

WITHDRAWAL PROCEDURES

Withdrawal may occur in three areas: from college, from the residence hall, or from a class. The following procedures should be followed when withdrawing in these areas.

Withdrawal from College (Voluntary) - A student who finds it necessary to withdraw from college during the semester should do so properly so that records are complete and accurate. The withdrawal procedure is as follows:

1. To officially withdraw from the college, the student will begin the withdrawal procedure with an Instructional Counselor.
2. The counselor may contact the library by telephone. The student must personally go by the Financial Aid Office, the Admissions Office, the Director of Housing and Student Activities Office (dorm students only), the Office of eLearning (if applicable), and the Business Office.
3. The student, the counselor, the Director of Admissions and Records, the Director of Financial Aid, and the Vice President for Business Operations will sign the withdrawal form to indicate that the records are in order. A student who officially withdraws will receive final grades of "W" in all classes. The withdrawal process must be completed before 75% of the term is complete.
4. A refund due the student for withdrawal from the college is based on the completion of the withdrawal process.

WITHDRAWAL FROM COLLEGE (ADMINISTRATIVE) - An Administrative withdrawal may be processed for any student who is unable to follow the normal withdrawal procedure due to hospitalization, illness, disciplinary actions, etc., provided an administrator or instructor initiates the procedure.

WITHDRAWAL FROM A COURSE - If a student desires to withdraw from a course the student may do so up to the published withdrawal date listed on the College Calendar. This date will be the Friday of the week that equates to 75% of the term. The process begins with the student's advisor and ends in the office of Admissions and Records. A student who officially withdraws prior to the withdrawal date will receive a final grade of "W." All withdrawals, including administrative withdrawals, after the withdrawal date will result in a grade of "WF." Students should go to his/her myEC account to withdraw.

WITHDRAWAL FROM THE RESIDENCE HALL - A student who wishes to move from the dormitory must obtain a withdrawal form from the Director of Housing/Student Activities. Room and board charges will continue until the student has completed the withdrawal procedure.

WITHDRAWAL FROM THE RESIDENCE HALL (END-OF-SEMESTER) - Students who do not plan to return to the dormitory at the end of the semester are required to complete an end-of-semester withdrawal form and turn in their key.

WITHDRAWAL FROM COLLEGE (AS A RESULT OF ACTIVE MILITARY STATUS) - Any student at East Central Community College, who is a member of the Mississippi National Guard, or one or more units of the Mississippi State Guard, or who is a member of any of the reserve components of the armed forces of the United States, and who has been placed in active duty status by orders of the President of the United States, or who has been drafted into any component of the armed forces of the United States, may be allowed to withdraw as a student of the college, with a full tuition refund, out of state fees (if applicable), student fees and any special fees, with room and board fees prorated with the approval of the president. Book refunds will be based on current college policy. Any student who withdraws from the college under this policy will not receive any grades. The student record will show evidence of the withdrawal with documentation on file. Any student who has

completed at least 75% of the semester and is in good standing with the college, and who needs to only take the final examination to complete the semester, has the option to leave the college pursuant to this policy, without his class standing affected, and without refund of any of the above fees or tuition. However, within ninety (90) days after release from active duty, the student must make arrangements to take the final examination. The score on the final exam plus the unfinished semester's work will constitute the student's final grade.

The student may not choose which grades are to be forgiven. This policy will be carried out through Freedom of Expression Guidelines issued by the President. By placing reasonable limitations on time, place, and manner of speech, ECCC does not take a position on the content or viewpoint of the expression, but rather provides a forum for a diversity of viewpoints to be expressed in an academic setting. These guidelines in no way prohibit individuals enrolled at or employed by ECCC from engaging in conversations on campus, but rather establishes Designated Public Forum Areas on ECCC's campus and sets forth requirements for reservation and use of the Designated Public Forum Areas. These guidelines shall also apply to individuals or groups who are not members of the College community who wish to speak on ECCC's campus and all non-commercial speech on the ECCC campus and any other ECCC facilities.

In addition to the guidelines, all permitted activities will be subject to Policy No. 614, USE OF COLLEGE PHYSICAL PLANT FACILITIES FOR NON-COLLEGE ACTIVITIES. The President shall have authority to depart from the strict terms of the guidelines as circumstances require.

East Central Community College is committed to providing and promoting an atmosphere in which employees can realize their maximum potential in the work place and students can engage fully in the learning process. Toward this end, all members of the College community must understand that sexual harassment, sexual discrimination, and sexual exploitation of professional relationships violate

the College's policy and will not be tolerated. The College will take every step to resolve grievances promptly. Any act by the College's employees or students of reprisal, interference, or any other form of retaliation, whether direct or indirect, against a student or employee for raising concerns covered by this policy is also a violation of this policy. Accordingly, members of the College community are prohibited from acts of reprisal against individuals who bring grievances or are involved as witnesses in any action connected with this policy.

A. Applicability

This policy applies to all officers and employees of the College, students, and persons who serve the College as its agents and are under the control of the College.

B. Sexual Harassment-Definitions

Two categories of sexual harassment are recognized:

1. **Quid Pro Quo** – Sexual harassment presented as a “bargain” (quid pro quo). Unwelcome sexual advances, requests for sexual favors, and other verbal and physical conduct of a sexual nature by one in a superior position constitutes a “bargain-for sexual harassment” when submission by another is made either an explicit or implicit term or condition of employment or of academic standing. Quid pro quo harassment or “this for that” type harassment occurs when specific academic or employment benefits are withheld as a means of coercing sexual favors. Examples include, but are not limited to, threat of punishment, such as dismissal from a job or a lower grade in a course for refusal to comply with sexual advances; indicating that sexual favors could lead to a raise or better grades; or extorting sexual favor from an employee or student in exchange for academic or employment benefits. In this case, apparent consent of the submitting party is less relevant than the extent to which the sexual conduct is unwelcome. As defined here, “bargained-for sexual harassment” normally arises in the context of an authority relationship. This relationship may be direct, as in the case of a supervisor and subordinate or teacher and student, or it may be indirect when the harasser has the power to direct others who have authority over the victim.
2. **Environmental Sexual Harassment** – Unwelcome sexual advances, request for sexual favors, and other verbal and physical conduct of a sexual nature constitute “environmental sexual harassment” when such conduct has the purpose or effect of creating an intimidating, hostile, or offensive environment that unreasonably interferes with another's work, academic performance, or privacy. Generally, incidents of sexual harassment must be repeated and pervasive to qualify as environmental harassment. Environmental harassment can inflict emotional and psychological harm on individuals and can make relationships and the work or study environment unpleasant, threatening, and unproductive. However, there is no requirement that evidence of actual emotional or psychological harm be shown in order for environmental sexual harassment to be found to have occurred.

In determining whether alleged conduct constitutes sexual harassment as defined in this policy, the record as a whole will be considered as well as the context in which the conduct occurred. “Environmental sexual harassment” normally arises from a repeated and pervasive course of conduct whereas “bargained-for sexual harassment” can be based on a single act. Facts will be judged on the basis of what is reasonable to persons of ordinary sensitivity and not on the particular susceptibility of an individual, unless that susceptibility is known to the alleged harasser.

C. Reporting Procedures

Reports of sexual harassment will be treated as a grievance and should be reported to the following individuals:

1. Students should report alleged act(s) of sexual harassment involving other students to the Vice President for Student Services. The Vice President for Student Services will counsel the student who reported the alleged act(s) and will attempt to resolve the matter informally, as appropriate. Please note that there are cases when it is appropriate to go directly to the formal grievance resolution process. If informal efforts are not successful in resolving the grievance, the student should refer to Policy 822.1, STUDENT GRIEVANCE PROCEDURES, to file a formal grievance. Upon receipt of a sexual harassment grievance, the Vice President for Student Services will report the grievance to the Title IX Coordinator.
2. Employees and students should report alleged acts of sexual harassment involving College employees to the Title IX Coordinator/Vice President for Instruction. The Title IX Coordinator will counsel the employee who reported the alleged act(s) and will attempt to resolve the matter informally, as appropriate. Please note that there are cases when it is appropriate to go directly to the formal grievance resolution process. If informal efforts are not successful in resolving the grievance, the employee should refer to Policy 713, EMPLOYEE GRIEVANCE & COMPLAINT PROCEDURES, to file a formal grievance.
3. Students and employees who wish to file a sexual harassment grievance have the right to follow the due process procedures outlined in the Policies and Procedures Manual in Policy 822.1, STUDENT GRIEVANCE PROCEDURES, and Policy 713, EMPLOYEE GRIEVANCE & COMPLAINT PROCEDURES.

D. Penalties

Penalties will be determined on the basis of facts of each case and the extent of harm to the College's interest, as well as any College record indicating previous similar wrongdoing by the accused person. Penalties will be set according to regulations governing student conduct and employment relationships. These regulations are described in the ECCC Policies and Procedures Manual and the ECCC Student Handbook.

E. Anti-retaliation Assurance

This policy seeks to encourage students and employees to express freely, responsibly, and in an orderly manner, opinions and feelings about any problem or grievance of sexual harassment. Any act of reprisal, including internal interference, coercion, and restraint, by a College employee or by one acting on behalf of the College, violates this policy and will promptly result in appropriate disciplinary action.

F. Improper Grievances

This policy shall not be used to bring frivolous or malicious grievances against students or employees. If a grievance has been made in bad faith, disciplinary action may be taken against the person bringing the grievance.

G. Confidentiality

Information generated in the course of informal reviews and formal investigations necessary to enforce this policy will be given the full extent of confidentiality accorded by law to employee personnel records and student educational records. Any person who, without authorization,

reveals such information will be subject to appropriate disciplinary action. The sharing of the content of the grievance(s) will be on a “need to know” basis and will depend on the type of review and response required by the grievance. In any case, when a grievance is being mediated and or investigated, the accused will be informed of the specific details of the grievance.

H. Responsibility for Implementation

An employee in a supervisory position who has knowledge of conduct involving sexual harassment that may have occurred in his or her unit must take action to address the matter immediately. Not to do so may result in serious consequences for the College and will be considered a breach of supervisory responsibility.

SEXUAL MISCONDUCT

East Central Community College (ECCC) is committed to providing and promoting an institutional environment where all employees and students may pursue their studies, careers, duties, and activities in an atmosphere free of the threat of unwelcome and unwanted sexual actions. The College strongly condemns sexual offenses, will not tolerate sexual offenders, and supports those who have been victimized. In response to any reported sexual misconduct, the College will take all appropriate steps to eliminate the misconduct, prevent its recurrence, and address its effects. Any behavior that constitutes sexual misconduct under this policy will subject the offender to disciplinary action, up to and including termination from employment or expulsion from the College, whether or not criminal charges are filed.

A. Introduction

Sexual misconduct of any form is harmful and illegal and will not be tolerated at ECCC. Such acts corrupt the integrity of the educational process, are contrary to the mission and values of the College, and violate College policy. To foster a climate that encourages the reporting of sexual misconduct, ECCC will respond promptly, fairly, and decisively to all reports of sexual misconduct. Members of the college community accused of sexual misconduct will be subject to the college’s disciplinary procedures when the alleged incident has occurred on campus or when the incident has occurred off campus and materially affects the learning environment or operations of the college.

Cases of sexual misconduct are serious violations of the College’s student regulations, faculty standards, and college employee policies. They are crimes under state law and punishable by fines and/or imprisonment. In addition, these actions are subject to civil suits for damage. ECCC will carefully review and/or investigate all reports to provide fair, efficient, and impartial evaluation and resolution.

ECCC is compliant with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act) as amended in 1998, which requires all postsecondary institutions to publish and distribute certain information regarding campus crimes, including reports of campus sexual assault, sexual assault policies, and security programming to all current students, employees, and to any applicant who so requests.

B. Purpose & Scope of the Policy

The purpose of this policy is to provide the ECCC community with a clear set of guidelines regarding behavioral standards, as well as a common understanding of key concepts and definitions. This policy applies equally to all members of the college community: students, faculty, administrators, staff, contract employees, and visitors, regardless of race or gender. It is intended to guide and protect members of the College community who have been impacted by sexual misconduct as a grievant, respondent, or third party.

C. College Statement on Privacy & Confidentiality

The College Statement on Privacy and Confidentiality is intended to make members of the college community aware of the reporting and confidential disclosure options available to them so that they can make informed choices about where to turn should they become a victim of sexual violence. The College encourages victims to talk to someone at the College about what happened so they can get the support they need and so the College can respond appropriately. Professional counselors who provide personal counseling to members of the college community are not required to report any information about an incident to the Title IX Coordinator/Vice President for Instruction and/or the Vice President for Student Services without a victim’s permission. A victim can seek confidential assistance and support from college employees without triggering a College investigation that could reveal the victim’s identity or that the victim has disclosed the incident. While maintaining a victim’s confidentiality, these employees or their office should report the nature, date, time, and general location of an incident to the Title IX Coordinator/Vice President for Instruction or the Vice President for Student Services. This limited report, which includes no information that would directly or indirectly identify the victim, assists the Title IX Coordinator/Vice President for Instruction and/or the Vice President for Student Services with information about the general extent and nature of sexual violence on and off campus so that the coordinator can track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses. Before reporting any information to the Title IX Coordinator/Vice President for Instruction and/or or the Vice President for Student Services, these individuals will consult with the victim to ensure that no personally-identifying details are shared with the Title IX Coordinator/Vice President for Instruction and/or or the Vice President for Student Services.

A victim who speaks to a college employee must understand that if the victim wants to maintain confidentiality, the College will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator. Even so, these employees will still assist the victim in receiving other necessary protection and support, such as victim advocacy, academic support or accommodations, disability, and health or mental health services. A victim who at first requests confidentiality may later decide to file a grievance with the college or report the incident to local law enforcement and have the incident fully investigated. If the College determines that the alleged perpetrator(s) pose a serious and immediate threat to the College community, the President in consultation with the Title IX Coordinator/Vice President for Instruction and Vice President for Student Services may be called upon to issue a timely warning to the community. Any such warning would not include any information that identifies the victim.

When a victim informs an ECCC police officer, the Dean of Students, the Vice President for Student Services, or the Title IX Coordinator/Vice President for Instruction about an incident of sexual violence, the victim has the right to expect the College to take immediate and appropriate

steps to investigate what happened and to resolve the matter promptly and equitably. The Vice President for Student Services or his/her designee must report all relevant details about the alleged sexual violence shared by the victim with the Title IX Coordinator/Vice President for Instruction. At that time, the College will need to determine what happened including the names of the victim and alleged perpetrator(s), any witnesses, and any relevant facts including the date, time, and specific location of the alleged incident. To the extent possible, information gathered during an investigation will be shared only with the appropriate College staff. ECCC will make every effort to protect students' and employees' privacy and confidentiality.

D. Title IX Coordinator/Vice President for Instruction

The oversight and implementation of this Sexual Misconduct Policy is the responsibility of the Title IX Coordinator/Vice President for Instruction and the Vice President for Student Services. The Title IX Coordinator/Vice President for Instruction can be reached at 601-635-6337, and the Vice President for Student Services can be reached at 601-635-6375. To reach the Title IX Coordinator/Vice President for Instruction or Vice President for Student Services after hours or in an emergency, please contact Campus Police at 601-527-8939 or call 911.

E. Definition of Terms

Sexual misconduct can be defined as any physical act of a sexual nature perpetrated against an individual without consent or when an individual is unable to freely give consent, including, but not limited to, sexual harassment, sexual violence, sexual exploitation, stalking, cyber- stalking, bullying and cyber-bullying, aiding or facilitating the commission of a violation, and/or retaliation.

1. **Sexual Assault** – Sexual assault is defined as a forcible or non-forcible sex offense, i.e., sexual intercourse or sexual contact with another person by forcible compulsion (such as coercion) and/or without consent. Absence of protest is not consent. Acts of sexual assault include any sexual penetration (anal, oral, or vaginal), however slight, with any object or sexual intercourse without effective consent. Sexual penetration includes vaginal or anal penetration by a penis, object, tongue, or finger, and oral copulation by mouth-to-genital contact or genital-to-mouth contact.
2. **Consent** – Consent requires mutually understandable and communicated words and/or actions demonstrating agreement to participate in the proposed sexual act. Failure to object does not constitute consent. Consent does not exist where it is not expressly given; past consent does not imply future consent; and, consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another person. Consent may never be given by minors (in Mississippi, those not sixteen (16) years of age), mentally disabled persons, and those who are incapacitated as a result of alcohol or other drug consumption (voluntary or involuntary), or those who are unconscious, unaware, or otherwise physically helpless. Consent can also not be given where there are threats or intimidation. Attempted sexual assault or rape occurs when a person intends to commit the offense and engages in conduct that could lead to it.
3. **Incapacitation** – Incapacitation is defined as a person not being able to resist sexual activity due to the use of drugs or alcohol, when a person is asleep or unconscious, or because of an intellectual or other disability that prevents the student from having the capacity to give consent. It is a violation if the initiator has sex with someone the initiator knows, or reasonably should know, to be incapacitated by alcohol, drugs, sleep, or illness. An incapacitated person is not able to make rational, reasonable judgments and therefore is incapable of giving consent. Someone is incapacitated when they cannot understand who, what, when, where, why, or how, in regards to sexual interaction.
4. **Sexual Exploitation** – Sexual exploitation is an act(s) committed through non-consensual abuse or exploitation of another person's sexuality for the purpose of sexual gratification, financial gain, personal benefit, or any other non-legitimate purpose. This includes, but is not limited to non-consensual video or audio taping of sexual activity, stalking with a sexual component, and voyeurism for personal sexual pleasure.
5. **Intimidation** – Sexual intimidation involves stalking, indecent exposure, and/or threatening another person that you will commit a sex act against them.
6. **Stalking** – Stalking is defined as a course of conduct directed at a specific person that would cause a reasonable person to fear for her, his, or other's safety, or to suffer substantial emotional distress.
7. **Domestic Violence** – Domestic violence includes misdemeanor or felony crimes of violence committed by a current or former spouse, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated under domestic or family violence laws, or anyone else protected under domestic or family violence law.
8. **Dating Violence** – Dating violence is defined as violence by a person who has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on consideration of the following factors: length, type, and frequency of interaction of the relationship.
9. **Retaliation** – Retaliation is defined as acts or attempts to retaliate or seek retribution against the complainant, respondent, or any individual or group of individuals involved in the investigation and/or resolution of an allegation of sexual misconduct.

F. Resources & Support

College Resources for Victims of Sexual Assault - ECCC encourages all members of the campus community to report any incident of sexual misconduct. Because of the sensitive nature surrounding sexual misconduct allegations, the college offers confidential resources and support. Members of the college community have access to resources provided by the College that can provide crisis intervention services, counseling, and academic support. All of the staff and faculty listed below are trained to support individuals affected by sexual misconduct and to coordinate with the Title IX Coordinator/Vice President for Instruction consistent with the College's commitment to a safe and healthy educational environment. - Involving law enforcement to assist with order or safety; and/or
- Any other appropriate actions warranted by the circumstances.

G. Reporting Sexual Misconduct

ECCC encourages all members of the campus community to report any incident of sexual misconduct. The College has adopted procedures to promptly and fairly address concerns, complaints, and grievances about sexual misconduct. Student complaints or grievances may be submitted informally or formally via the College's Student Complaint Procedures or Student Grievance Procedures. Employee complaints or grievances may be submitted informally or formally via the College's Employee Grievance and Complaint Procedures. Although there is no time limit on filing a grievance with College administration, students and employees are highly encouraged to report incidents of or share information about sexual misconduct as soon as possible after the incident occurred. The College may ultimately be unable to adequately investigate if too much time has elapsed or if an accused individual has left the institution. Other factors that could negatively affect the College's ability to investigate include the loss of physical evidence or the potential departure of witnesses. The standard of proof as recommended by the Office of Civil Rights used in sexual misconduct hearings will be "preponderance of evidence" or "more likely than not" that the violation did/did not occur. There are two options students or employees can pursue to make a formal grievance of sexual misconduct.

1. Filing a Grievance with College Administration

Students may file a grievance of sexual misconduct by a college employee by contacting the Title IX Coordinator/Vice President for Instruction at 601-635-6203. Students may file a grievance of sexual misconduct by another student to the Vice President for Student Services at 601-635-6375. Upon receipt of a sexual misconduct grievance, the Vice President for Student Services will report the grievance to the Title IX Coordinator/Vice President for Instruction at 601-635-6203. College administration will counsel students and employees regarding the grievance process.

2. Making a Report to Law Enforcement

In the case of an emergency, victims should call 911 from wherever they are, and a law enforcement official will respond to assist them. In non-emergency situations, allegations of sexual misconduct can also be reported to the campus police at 601-635-6268 and after hours at 601-527-8939. Victims of rape should attempt to preserve evidence by making every effort to save anything that might contain the perpetrator's DNA. Therefore, a victim should not bathe or shower, use the restroom, change clothes, comb hair, clean up the scene, or move anything the offender may have touched. Even if the victim has not yet decided to report the crime, receiving a forensic medical exam and keeping the evidence safe from damage will improve the chances that the police can access and test the stored evidence at a later date.

H. Investigation of Grievances

Care and consideration of the victim's wishes will be taken into account throughout the intervention process. Individuals who feel that they are victims of any sexual misconduct are encouraged to file a complaint or grievance with the Title IX Coordinator, Campus Police Department, Dean of Students, or the Vice President for Student Services. The College strongly recommends that all victims seek immediate medical assistance. A victim may have internal or external injuries and may need treatment for disease or infection. Additionally, the College strongly recommends that all victims seek counseling and emotional assistance. A full range of support services can be initiated through the office of the Title IX Coordinator or the Vice President for Student Services. The lead investigator for any sexual misconduct issues will typically be the college's Title IX Coordinator/Vice President for Instruction. If circumstances arise where it is inappropriate for this person or this person is unable to serve as the lead investigator, the responsibility will be assigned to the Vice President for Student Services or another campus official trained in issues of sexual misconduct. For student and employee grievances against a student of the College, results of the investigation and/or the subsequent hearing will be referred to the Vice President for Student Services for consideration of possible disciplinary action against an accused student using the list of possible sanctions below. For student and employee grievances against an employee of the College, results of the investigation and/or the subsequent hearing will be referred to the Vice President for Business Operations for consideration of possible disciplinary action against an accused employee using the list of possible sanctions below.

I. Student and Employee Rights

ECCC takes all claims of sexual misconduct seriously and will afford certain rights to individuals involved in such conduct, whether they are a grievant or the accused. The rights for a grievant and an accused include:

- The right to an investigation and appropriate resolution of all credible complaints or grievances of sexual misconduct made in good faith to college administrators;
- The right to have complaints or grievances of sexual misconduct responded to quickly and with sensitivity;
- The right to be treated with respect by College officials;
- The right to preservation of confidentiality to the extent possible and allowed by law;
- The right to a grievance hearing closed to the public;
- The right to have complaints or grievances filed with and investigated by employees who have received sexual misconduct adjudication training;
- The right to be fully informed of any hearing policies and procedures as well as the nature and extent of all alleged violations contained within the grievance;
- The right to bring an advisor (a student, faculty member, other adult, etc.) to all phases of the investigation and hearing proceeding. The advisor may not speak without permission but may only advise;
- The right to present relevant witnesses to any hearing proceeding;
- The right not to have irrelevant prior sexual history admitted as evidence in a campus hearing;
- The right to appeal the finding of the Hearing Committee according to established procedures for student due process or employee due process as determined by the College; and
- The right to be informed (simultaneously for the grievant and the accused) verbally and in writing of the outcome of the investigation and/or hearing proceeding and applicable appeal procedures.

J. Sanctions

Examples of possible sanctions for sexual misconduct include, but are not limited to:

- Expulsion/Termination from the College: Permanent separation of the student or employee from the College and all College functions or activities;
- Suspension from the College: Suspension for a definite period of time or temporary separation of the student or employee from the College and all College functions or activities;
- Disciplinary Probation: Probation with or without loss of designated privileges for a definite period of time. The violation of the terms of disciplinary probation may be grounds for suspension, expulsion, and/or termination from the College;
- Loss of Privileges: Loss of privileges as may be consistent with the offense committed and the rehabilitation of the student or employee. Examples include, but are not limited to, removal from the residence hall or campus housing and/or suspension from campus activities, i.e. athletic contests, intramurals, other extra-curricular activities;
- Appropriate Training: Students or employees may be required to attend sensitivity or other appropriate training;
- Fines: Students may be fined according to the Student Disciplinary Procedures where appropriate; and
- Other appropriate sanction(s) as determined by College administration. Depending on the severity of the sexual misconduct behavior(s) and/or action(s), multiple sanctions may be administered by College administration to the accused student or employee.

STUDENT COMPLAINT PROCEDURES

The purpose of the policy addressing student complaints is to provide equitable and orderly processes to resolve complaints by students at East Central Community College. A student complaint is defined as a difference or dispute between a student and the College or a student and a College employee related to services rendered. Any student who wishes to make a complaint to East Central Community College about a college program, a course assignment, a classroom practice, a service of the college, an employee of the college, or any other aspect of the college should follow the procedures provided in this policy.

There are distinct student complaints, defined by the College as student grievances, not governed by this policy. Grievances include incidents related to perceived violations of college policies, perceived sexual, racial, and other harassment, and/or perceived discrimination on the basis of race, color, national origin, gender, and/or disability. In these instances, students should refer to Policy 822.1, STUDENT GRIEVANCE PROCEDURES. In addition, students should refer to Policy 821, STUDENT DISCIPLINARY PROCEDURES AND DUE PROCESS for all matters related the student disciplinary process.

East Central Community College encourages students to resolve complaints that affect their college experience as informally as possible. Therefore, for all student complaints, the student should first discuss the problem with the faculty member, staff member, or administrator involved prior to initiating formal complaint procedures under this policy. Often, student complaints can be resolved informally, however, if informal efforts are not productive or appropriate in resolving the complaint, the student should follow the procedures enumerated herein.

Non-instructional Matters

Students who wish to complain about non-instructional matters should contact the Vice President for Student Services within ten (10) working days of the occurrence of the incident upon which the complaint is based. The name and contact information of the student filing the complaint, the nature of the complaint, the remedy sought, previous efforts to informally resolve the complaint, and all other pertinent information must be in writing and either be delivered in person or mailed to the Vice President for Student Services, East Central Community College, P. O. Box 129, Decatur, Mississippi 39327; telephone (601) 635-2111, ext. 204 or 205. Failure to give such written notice to the Vice President for Student Services within the timeframe described above shall constitute a waiver by the student to present his/her complaint.

All complaints of a non-instructional nature will be referred by the Vice President for Student Services to an appropriate college official for response. A college official not directly involved in the complaint will review the facts and make the final determination regarding the complaint. A timely response will be given to the student and the Vice President for Student Services by the appropriate college official.

If the student is not satisfied with the resolution of the complaint, the student may appeal the decision in writing to the Vice President for Stu-

dent Services within three (3) working days of notification of the decision. Failure to give such written notice to the Vice President for Student Services within the timeframe described above shall constitute a waiver by the student of any further consideration of the matter.

Upon receipt of an appeal under the provisions of this complaint policy, the Vice President for Student Services will investigate the complaint. The Vice President for Student Services, in his/her discretion, may require the submission of additional evidence prior to making a decision on the student's complaint or may schedule a meeting with the student to further discuss the complaint. In any meeting with the student to discuss the complaint, the appropriate college official who presented the initial response shall be in attendance to address questions. A timely response will be given to the student by the Vice President for Student Services. The decision of the Vice President for Student Services shall be deemed final with regard to non-instructional student complaint procedures at East Central Community College.

The above steps shall exhaust full recourse available at the College for all non-instructional student complaints. No adverse action will be taken against a student filing a complaint or an appeal under the provisions of this policy solely on the basis of the complaint filed.

Instructional Matters

Students who wish to complain about instructional matters should contact the Vice President for Instruction within ten (10) working days of the occurrence of the incident upon which the complaint is based. The name and contact information of the student filing the complaint, the nature of the complaint, the remedy sought, previous efforts to informally resolve the complaint, and all other pertinent information must be in writing and either be delivered in person or mailed to the Vice President for Instruction, East Central Community College, P. O. Box 129, Decatur, Mississippi 39327; telephone (601) 635-2111, ext. 203. Failure to give such written notice to the Vice President for Instruction within the timeframe described above shall constitute a waiver by the student to present his/her complaint.

All complaints of an instructional nature will be referred by the Vice President for Instruction to an appropriate college official for response. A college official not directly involved in the complaint will review the facts and make the final determination regarding the complaint. A timely response will be given to the student and the Vice President for Instruction by the appropriate college official.

If the student is not satisfied with the resolution of the complaint, the student may appeal the decision in writing to the Vice President for Instruction within three (3) working days of notification of the decision. Failure to give such written notice to the Vice President for Instruction within the timeframe described above shall constitute a waiver by the student of any further consideration of the matter.

Upon receipt of an appeal under the provisions of this complaint policy, the Vice President for Instruction will investigate the complaint. The Vice President for Instruction, in his/her discretion, may require the submission of additional evidence prior to making a decision on the student's complaint or may schedule a meeting with the student to further discuss the complaint. In any meeting with the student to discuss the complaint, the appropriate college official who presented the initial response shall be in attendance to address questions. A timely response will be given to the student by the Vice President for Instruction. The only instructional matters that may be appealed by a student through due process procedures are those that relate to charges of academic dishonesty (refer to Policy 821, STUDENT DISCIPLINARY PROCEDURES AND DUE PROCESS), and perceived errors in the transmittal of grades (refer to Policy 404.3.1., CONTESTING FINAL GRADES). Therefore, the decision of the Vice President for Instruction shall be deemed final with regard to instructional student complaint procedures at East Central Community College.

The above steps shall exhaust full recourse available at the College for all instructional student complaints. No adverse action will be taken against a student filing a complaint or an appeal under the provisions of this policy solely on the basis of the complaint filed.

Documentation

East Central Community College shall maintain comprehensive records of all non-instructional and instructional complaints received for a period of five years. The records shall contain aggregate data on complaints and specific data on each complaint. Documentation of all non-instructional and instructional complaints required to support this policy shall be maintained in the Vice President for Student Services' office (non-instructional) and the Vice President for Instruction's office (instructional). Documentation will contain the following:

1. Student Handbook, College Catalog, and Policies and Procedures Manual;
2. a log of complaints; and
3. all individual complaint files.

A log of all non-instructional and instructional complaints will be maintained in the Vice President for Student Services' office (non-instructional) and the Vice President for Instruction's office (instructional). Each log will contain the following:

1. a complaint number assigned to each complaint preceded by the last two digits of the calendar year in which the complaint was filed, e.g., 94-001;
2. the date of receipt of the complaint;
3. the name and address of the complainant;
4. the name of the individual(s) assigned to handle the complaint;
5. the date of response to the complaint;
6. the date of resolution; and
7. the final disposition of the complaint.

An individual file for each non-instructional and instructional complaint will be maintained in the Vice President for Student Services' office (non-instructional) and the Vice President for Instruction's office (instructional). Each individual file will include the following information.

1. the initial complaint;
2. all correspondence related to the complaint; and
3. written documentation of the final determination with the signatures of the party or parties who submitted the complaint and the representative(s) of the institution who made the final determination.

STUDENT GRIEVANCE PROCEDURES

East Central Community College defines a student grievance as a claim raised by a student, alleging improper, unfair, arbitrary, or discriminatory action by an employee involving the application of a specific provision of a college policy or a state or federal law. A grievance against the College and/or a College official arises when a student believes, based on established administrative policies and procedures, he or she has been subjected to discriminatory behavior by a department or College representative (faculty or staff) acting within their role and duty. A grievance of personal misconduct by a faculty member or other College employee arises when a student believes he or she is the subject of inappropriate behavior outside of the employee's role and duties within the College. Students who wish to file a grievance concerning any of the issues listed

above should follow the procedures herein. Student grievances related to sexual misconduct should follow procedures outlined in Policy 740.1, SEXUAL MISCONDUCT.

Informal Grievance Resolution

Prior to bringing a formal grievance forward against the College or a College official acting within his/her role or duty, students are encouraged to attempt a good-faith resolution of the grievance. This attempt may be made with the party directly involved with the disputed matter, or with the chairperson of the department or division in which the grievance arises. Please note that there are cases when it is appropriate to go directly to the formal grievance resolution process. Attempts at informal resolution should be initiated within thirty (30) calendar days of the incident in dispute.

Formal Grievance Resolution

Should a situation arise in which a student is unable to resolve his or her grievance informally, the college's formal student grievance process presented in this policy may be employed. The Vice President for Instruction or the Vice President for Student Services will address the student grievance based upon the nature and content of the grievance.

Discrimination Related Grievance (Title VI/Title IX other than Sexual Misconduct)

A student grievance related to discrimination and perceived non-compliance with provisions of Title VI of the Civil Rights Act of 1964 and its amendments or Title IX of the Higher Education Act of 1965 and its amendments should be presented to the Vice President for Instruction within thirty (30) calendar days of the occurrence of the incident upon which the grievance is based. Failure to give such written notice to the Vice President for Instruction within this timeframe shall constitute a waiver by the student to present his/her grievance. The written grievance must be signed by the student and contain, at a minimum:

1. name, address, and contact information of the student filing the grievance;
2. the identity of the individual or office against whom the grievance is brought;
3. a description of the specific action(s) or behavior(s) resulting in this grievance including date(s);
4. an explanation of how a law identified above or a college policy was allegedly violated by the action(s) or behavior(s);
5. a brief summary of the evidence supporting the allegation(s) including witness(es), if any; and
6. the remedy sought by the student.

The written student grievance must either be delivered in person or mailed to the Vice President for Instruction, East Central Community College, P. O. Box 129, Decatur, Mississippi 39327; telephone (601) 635-2111, ext. 203.

Disability-Related Grievance (ADA/Section 504)

A student grievance related to a disability and perceived non-compliance with provisions of Section 504 of the Rehabilitation Act of 1973 and its amendments and/or the Americans with Disabilities Act of 1990 and its Amendments should be presented to the Vice President for Student Services within thirty (30) calendar days of the occurrence of the incident upon which the grievance is based. Failure to give such written notice to the Vice President for Student Services within this timeframe shall constitute a waiver by the student to present his/her grievance. The written grievance must be signed by the student and contain, at a minimum:

1. name, address, and contact information of the student filing the grievance;
2. the identity of the individual or office against whom the grievance is brought;
3. a description of the specific action(s) or behavior(s) resulting in this grievance including date(s);
4. an explanation of how a law identified above or a college policy was allegedly violated by the action(s) or behavior(s);
5. a brief summary of the evidence supporting the allegation(s) including witness(es), if any; and
6. the remedy sought by the student.

The written student grievance must either be delivered in person or mailed to the Vice President for Student Services, East Central Community College, P. O. Box 129, Decatur, Mississippi 39327; telephone (601) 635-2111, ext. 204 or 205.

Investigation of a Student Grievance

Upon receipt of a formal grievance by a student (herein after "the Grievant") under the provisions of this policy, the appropriate Vice President will conduct an investigation to determine if there is reasonable cause to believe a specific provision of a college policy or a state or federal law has been violated by the College or an official of the College. The investigation conducted by the appropriate Vice President may involve interviewing witnesses, meeting with the parties involved, requesting written statements from the witnesses and/or parties, and/or making any other appropriate inquiries. Before any determination is made, the individual whose actions are the subject of the grievance (herein after "the Respondent") will be informed as to the nature of the grievance and will have an opportunity to respond. The investigation is designed to provide a fair and reliable determination about whether the College's nondiscrimination policy or a state or federal law has been violated. Following the conclusion of the investigation, the appropriate Vice President will meet with the Grievant and the Respondent to inform each of the results of the investigation. If, based on the preponderance of the evidence, a violation has been confirmed, the College will implement a prompt and effective remedy designed to end the action(s) or behavior(s) that are the subject of the grievance, prevent its recurrence, and address its effects.

In addition, the Vice President will notify any other college officials, as appropriate, of the outcome of the investigation to determine a course of action against the Respondent.

Appeal to a Student Grievance Committee

If the Grievant is not satisfied with the results of the investigation, he/she may submit an appeal of the decision of the Vice President and request a hearing before a Student Grievance Committee. The appeal must be in writing and signed by the Grievant and must be submitted within three (3) working days of notification of the Vice President's decision. The appeal must either be delivered in person or mailed to the appropriate Vice President using the mailing address and contact information above. Failure to give such written notice to the appropriate Vice President within the timeframe described above shall constitute a waiver by the Grievant of any further consideration of the grievance. The letter of appeal regarding a student grievance should contain, at a minimum:

1. name, address, and contact information of the student filing the appeal; and
2. reason(s) for filing the appeal.

Upon receipt of an appeal in the case of a student grievance, the appropriate Vice President will inform the President. At that time, the President will appoint a three (3)-member Student Grievance Committee to hear the student's appeal of the grievance. The Student Grievance Committee will be made up of one (1) member of the faculty, one (1) member of the professional staff or administration, and (1) currently enrolled student. No member of the Committee may be personally or professionally associated with the grievance. The appropriate Vice President will schedule a hearing before the Student Grievance Committee within ten (10) days of the receipt of the appeal.

At the hearing of the Student Grievance Committee, the appropriate Vice President will serve as the Chairperson of the hearing and shall not cast a vote. As chairperson, the Vice President will be responsible for the conduct of the hearing which may include limiting questioning and testimony to relevant issues. During the hearing, the Grievant and the Respondent shall have the following rights:

1. The right to be advised by a personal advisor of their choice, at their expense, and to be accompanied by that advisor at the hearing.
Please note that an advisor may only consult and advise the Grievant or Respondent, but not speak at the hearing. These procedures are entirely administrative in nature and are not considered legal proceedings. The College may remove or dismiss an advisor who becomes disruptive or who does not abide by the restrictions on their participation as explained above. Also, if the Grievant or Respondent will be accompanied by an advisor, he/she must inform the Vice President at least five (5) calendar days before the schedule date of the hearing.
2. The right to present the testimony of witnesses as well as other evidence relevant to the grievance;
3. The right to cross-examine witnesses; and
4. The right to examine all submitted documents and other evidence, subject to confidentiality protections that may apply.

During the hearing, the Student Grievance Committee may ask questions of the Grievant, the Respondent, and any witnesses in order to gather additional information about the grievance. The Student Grievance Committee is not bound by federal or state rules of evidence, but shall make all decisions based on the relevant evidence submitted and/or presented as part of the proceeding. The Vice President conducting the hearing will appoint a college employee to take minutes during the hearing before the Student Grievance Committee.

Upon the conclusion of the hearing, the Student Grievance Committee shall enter into Executive Session and determine whether the preponderance of the evidence submitted or presented as part of the proceeding demonstrates that the Respondent has violated the policy and/or law at issue. Within ten (10) calendar days of the hearing, the Student Grievance Committee will issue a brief written statement to the Vice President as to their determination. If a majority of the Student Grievance Committee finds that no policy or law has been violated, the Committee shall dismiss the grievance and the Vice President shall inform the Grievant and the Respondent of the outcome. If a majority of the Student Grievance Committee finds that the Respondent has violated the policy and/or law at issue, the Vice President shall inform the Grievant and the Respondent of the outcome. In addition, the Vice President will notify any other college officials, as appropriate, of the outcome of the Student Grievance Committee so that a prompt and effective remedy can be formulated to end the action(s) or behavior(s) that are the subject of the grievance, prevent its recurrence, address its effects, and determine an appropriate course of action against the Respondent.

Appeal to the President

If the Grievant is not satisfied with the determination of the Student Grievance Committee, he/she may submit an appeal to the President of the College. The appeal must be in writing and signed by the Grievant and must be submitted within three (3) working days of notification of the Student Grievance Committee's decision. The appeal must either be delivered in person or mailed to the President, East Central Community College, P. O. Box 129, Decatur, Mississippi 39327; telephone (601) 635-2111, ext. 201. Failure to give such written notice to the President within the timeframe described above shall constitute a waiver by the Grievant of any further consideration of the grievance. The letter of appeal regarding a student grievance should contain, at a minimum:

1. name, address, and contact information of the student filing the appeal; and
2. reason(s) for filing the appeal.

Upon receipt of an appeal in the case of a student grievance, the President shall consider the record of the hearing before the Student Grievance Committee in making his/her decision. However, the President, in his/her discretion, may require the submission of additional evidence prior to making a decision on the student's appeal or may schedule a meeting with the Grievant and the Respondent to discuss the grievance. In any meeting with the Grievant and the Respondent to discuss the grievance, the chairperson of the Student Grievance Committee, or the chairperson's designated representative, shall represent the Committee.

The decision of the President shall be transmitted within three (3) working days, in writing, to the Grievant and the Respondent. The decision of the President of East Central Community College on the appeal of a student grievance will be deemed final.

The above steps shall exhaust full recourse available at the College for all student grievances. Documentation of grievances filed under this

Complaint to State

After exhausting the College's grievance policy, a student who did not receive a satisfactory resolution at the College may follow the State complaint process of the Mississippi Commission on College Accreditation (MCAA). Information about the State complaint process can be found at www.mississippi.edu/mcca/student_complaint_process.asp. Students who wish to initiate and file a complaint at the State level must do so at this website. Please note that according to the MCCA, in order for an investigation to be initiated, the student must have exhausted all available grievance procedures established by the institution.

SERVICE ANIMALS & ASSISTANCE ANIMALS

PURPOSE

To provide guidelines for Service & Assistance Animals as outlined under Section 504 of the Rehabilitation Act of 1973 ("Rehabilitation Act") and the Americans with Disabilities Act as amended (ADA).

POLICY/PROCEDURE

In compliance with applicable law, East Central Community College (ECCC) generally allows service animals in its buildings, classrooms, residence halls, meetings, dining areas, recreational facilities, activities, and events when the animal is accompanied by an individual with a disability who indicates the service animal is trained to provide, and does provide, a specific service to them that is directly related to their disability. (For policies regarding assistance animals – including emotional support animals - that do not meet the definition of a "service animal," please see the section below entitled Policy on Assistance Animals). ECCC may not permit service animals when the animal poses a direct threat to the life, health, safety, or welfare of the ECCC community or when the presence of the animal constitutes a fundamental alteration to the nature of the program or service. ECCC will make those determinations on a case-by-case basis.

DEFINITIONS

1. **Handler:** A handler is the person with a disability that a service animal assists or a personal care attendant who handles the animal for a person with a disability.
2. **Service Animal:** A service animal includes a dog individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability and meets the definition of "service animal" under ADA regulations at 28 CFR 35.104. The work or tasks performed must be directly related to the individual's disability. Examples include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks; alerting individuals who are deaf or hard of hearing to the presence of people or sounds; providing non-violent protection or rescue work; pulling a wheelchair; assisting an individual during a seizure; alerting individuals to the presence of allergens; retrieving items such as medicine or the telephone; providing physical support and assistance with balance and stability to individuals with mobility disabilities; and/or helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.
3. **Assistance Animal:** An assistance animal is one that is necessary to afford the person with a disability an equal opportunity to use and enjoy College housing. An assistance animal may provide physical assistance, emotional support, calming, stability, and other kinds of assistance. Assistance animals do not perform work or tasks that would qualify them as "service animals" under the ADA. Assistance animals that are not service animals under the ADA may still be permitted, in certain circumstances, in College Housing pursuant to the Fair Housing Act.

POLICY ON SERVICE ANIMALS

1. **Inquiries Regarding Service Animals:** In general, ECCC will not ask about the nature or extent of a person's disability, but may make two inquiries to determine whether an animal qualifies as a service animal. ECCC may ask:
 - a. Is this a service animal that is required because of a disability?
 - b. What work or tasks have the animal been trained to perform?

ECCC cannot require documentation, such as proof that the animal has been certified, trained, or licensed as a service animal. Generally, ECCC may not make any inquiries about a service animal when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability, e.g., the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability.

Specific questions related to the use of service animals on the ECCC campus by visitors can be directed to the ADA Coordinator/Vice President for Student Services, (601) 635-6205.

2. **Responsibilities of Handlers:** Students who wish to bring a service animal to campus should collaborate with the ADA Coordinator/Vice President for Student Services, especially if other academic accommodations are required. Additionally, students who plan to live in on-campus housing should inform the Department of Housing that they need to have a service animal with them in student housing. Advance notice of a service animal for on-campus housing may allow more flexibility in meeting student's specific requests for housing while lack of advance notice may delay meeting students' specific requests for housing. Students or College employees with service animals should contact the Vice President for Student Services/ADA Coordinator.

Handlers are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury. The cost of care, arrangements, and responsibilities for the well-being of a service animal are the sole responsibility of the handler at all times.

3. **Service Animal Control Requirements:**
 - a. The animal should be on a leash when not providing a needed service to the handler unless the leashing directly impedes a service animal's ability to perform its trained task(s).
 - b. The animal should respond to voice or hand commands at all times and be in full control of the handler.
 - c. To the extent possible, the animal should be unobtrusive to other individuals and the learning, living, and working environment.
 - d. Identification – It is recommended that the animal wear some type of commonly recognized identification symbol, identifying the animal as a working animal, but not disclosing disability.
 - e. Science labs, boiler rooms, or other areas with special safety or logistical consideration may not be accessible to animals under certain circumstances. Handlers who wish to access specialized facilities of this nature should notify the Vice President for Student Services/ADA Coordinator's office as early as possible so that the office can work with appropriate administrators to determine what accommodations are possible. Depending on the nature of the animal and the circumstances, the College may impose additional reasonable requirements for the health, safety, and effective functioning of the College community.
4. **Animal Etiquette:** To the extent possible, the handler should ensure that the animal does not:
 - a. Sniff people, cafeteria/grill tables or the personal belongings of others.
 - b. Display any behaviors or noises that are disruptive to others, unless part of the service being provided the handler.
 - c. Block an aisle or passageway for fire egress.
5. **Waste Cleanup Rule:** Cleaning up after the animal is the sole responsibility of the handler. In the event that the handler is not physically able to clean up after the animal, it is then the responsibility of the handler to hire someone capable of cleaning up after the animal. The person cleaning up after the animal should abide by the following guidelines:
 - a. Always carry equipment sufficient to clean up the animal's feces whenever the animal is on campus.
 - b. Properly dispose of waste and/or litter in appropriate containers.
 - c. Any cost incurred for waste cleanup is the sole responsibility of the handler.
6. **Removal of Service Animals:** An out of control service animal may be ordered removed from the campus by ECCC. A handler may be directed to remove an animal that is out of control, and the handler does not take effective action to control it. If the improper animal behavior happens repeatedly, the handler may be prohibited from bringing the animal into any College facility until the handler can demonstrate that they have taken significant steps to mitigate the behavior.

 A handler may be directed to remove an animal that is not housebroken.

 A handler may be directed to remove an animal that the College determines to be a direct threat to the life, health, safety, or welfare of the College community. This may occur as a result of a very ill animal, a substantial lack of cleanliness of the animal, or the presence of an animal in a sensitive area like a healthcare facility, certain laboratories, or mechanical or industrial areas.

 Where a service animal is properly removed pursuant to this policy, the College will work with the handler to determine reasonable alternative opportunities to participate in the service, program, or activity without having the service animal on the premises.
7. **Healthy Animals:** Dogs must have documentation of current vaccination against rabies and a clean bill of health from a veterinarian. Dogs must be on a flea and tick program at the handler's expense, and the handler must provide proof of flea prevention.
8. **Conflicting Disabilities:** Some people may have allergic reactions to animals that are substantial enough to qualify as disabilities. ECCC will consider the needs of both persons in meeting its obligations to reasonably accommodate all disabilities and to resolve the problem as efficiently and expeditiously as possible. Students, faculty, or staff requesting allergy accommodations should contact the Vice President for Student Services/ADA Coordinator.
9. **Service Dogs in Training:** A dog being trained has the same rights as a fully trained dog when accompanied by a handler and identified as such in any place of public accommodation. Handlers of service dogs in training must also adhere to the requirements for service animals and are subject to the removal policies as outlined in this policy.

POLICY ON ASSISTANCE ANIMALS IN COLLEGE HOUSING (COMMONLY CALLED COMFORT OR EMOTIONAL SUPPORT ANIMALS)

ECCC will allow an assistance animal if certain conditions are met. The animal must be necessary for the resident with a disability to afford an equal opportunity to use the residence, and there must be an identifiable relationship between the resident's disability and the assistance the animal provides. An accommodation is unreasonable if it presents an undue financial or administrative burden on the College, poses a direct threat to the life, health, safety, or welfare of the College community, and/or constitutes a fundamental alteration of the nature of the service or program.

Requests for assistance animals in on-campus residence halls should be made by:

- a. Submitting medical/reasonable documentation from a licensed medical professional to the Vice President for Student Services/ADA Coordinator (601-635-6205); and
- b. Making an accommodation request to the Vice President for Student Services/ADA Coordinator (601-635-6205) via the Housing Application upon being admitted to the College.

There must be a link between the animal and the resident's disability. Emotional distress resulting from having to give up an animal because of a "no pets" policy does not qualify a person for an accommodation under federal law. Any student approved an assistance animal in ECCC facilities must also meet HUDs requirements/policies for animal health and behavior to include the following:

- a. Dogs must have documentation of current vaccination against rabies and a clean bill of health from a veterinarian.
- b. All other animals must have a clean bill of health from a veterinarian.
- c. All animals must be on a flea and tick program at the handler's expense, and the handler must provide proof of flea prevention.

GRIEVANCES

If an individual is dissatisfied by a decision concerning a service animal or assistance animal, or if a student feels he or she has suffered discrimination or harassment based on his or her disability, the student may submit a grievance to the Vice President for Student Services (601-635-6205) using the Disability-Related Grievance (ADA/Section 504) procedures found in Policy 822.1, STUDENT GRIEVANCE PROCEDURES.

HEALTH RISKS

Drugs are chemical substances effecting both the mind and body. The use of any drug may affect an unborn child. The prolonged use of any drug may lead to physical and/or psychological dependence.
