CLASS INFORMATION

This 96-hour course, available
throughout our five county district.
It covers five major areas of
knowledge with the intent of
training the student to be a “shop
floor” employee. Topics covered
include Basic Computer Literacy,
Safety and CPR, Blueprint
Reading, Precision Measurement
and an introduction to
manufacturing improvement
methods that include lean
manufacturing, quick changeover,
5S, teamwork and problem solving.

Students must complete the WorkKeys assessment at a minimum of a Silver level to participate in this course.
